Profile Summary

Final-year Information Technology student with knowledge of Java, Object-Oriented Programming (OOP), and SQL. Hands-on experience with Spring Boot and database management through academic projects and internship work. Motivated to begin a career in IT with problem-solving ability, adaptability, and eagerness to contribute in team environments.

Skills

- Languages: Java, SQL
- Frameworks: Spring Boot
- Databases: MySQL
- Tools: Postman
- Concepts: Object-Oriented Programming (OOP), Data Structures, DBMS
- Soft Skills: Problem-Solving, Team Collaboration, Communication, Time Management, Adaptability

Education

- B.E. Information Technology | SKN Sinhgad Institute of Technology & Science, Pune | 2026 | CGPA: 8.42
- 12th (MSBSHSE) | Shree Sant Omkargir Baba Kanishta Mahavidyalaya, Washim | 2022 | 90.17%
- 10th (MSBSHSE) | K.T.D. Vidyalaya, Washim | 2020 | 90%

Experience

Software Engineer Intern | Intern Labs, Pune | Jun 2025 – Nov 2025

- Learned and applied API testing using Postman to validate backend REST APIs.
- Validated data flow between backend services and MySQL database.
- Assisted in identifying and fixing basic backend issues during testing.
- Gained hands-on exposure to backend development practices, supporting debugging and functionality improvements.

Projects

Job Aggregator Platform (May 2025 – Oct 2025)

- Integrated real-time job listings from APIs such as JSearch, Adzuna, and Jooble.
- Implemented user authentication and job filtering based on location, salary, and work mode.
- Designed a feature to analyze resume content and match skills with job requirements, enabling personalized recommendations.

Online Shopping System (Jun 2024 – Aug 2025)

- Developed backend services using Java, Spring Boot, and MySQL.
- Implemented REST APIs for user authentication and product management.
- Connected the application with the database to store and retrieve data.

Certifications

- Programming in Java - NPTEL

Positions of Responsibility

Member, Department Student Association

- Supported planning and execution of technical workshops
- Coordinated technical workshops and events, improving student engagement.
